PEORIA – The Illinois Department of Transportation announces that work has begun on Allen Road in Peoria from Alta Road to Townline Road. Effective immediately and continuing through mid-November, Allen Road will be limited to one lane in each direction between Alta Road and Townline Road.

This improvement consists of pavement reconstruction, widening of the bridge that carries Allen Road over IL 6, reconfiguration of the Allen Road/Alta Lane intersection, construction of a multi-use path on Allen Road, and construction of a tunnel for the Rock Island Trail.

The project is scheduled to be completed by late fall of 2015.

Please slow down and use extreme caution while driving through all work zones.
